STUDY TIPS FOR STUDENTS

Learn Better, Achieve More

Presented by Samiksha Chavan

1. PLAN YOUR TIME

- Create a daily study timetable.
- Set clear and realistic goals.
- Study difficult subjects when you feel focused.
- Take short breaks between study sessions.

TIP: Plan your day before you start studying.

2. MAKE EFFECTIVE NOTES

- Write important points in your own words.
- Use headings and bullet points.
- Highlight key terms and definations.
- Review/revise your notes regularly.

TIP: Keep your notes short, clear and organized

3. STAY FOCUSED

- Keep your phone away while studying.
- Choose a quiet study space.
- Practice questions after learning a topic.
- Sleep well and take regular breaks.

TIP: Focus on understanding,not just memorizing.

STUDY SMARTER, NOT HARDER!

- Be consistent with your studies.
- Learn from your mistakes.
- Track your progress.
- Believe in your ability to improve.

THANK YOU!

Every small srep brings you closer to your goals.
